"We call him our Family Doctor for Real Estate"

- Dr. Shekhar Bhojraj,

We were house-hunting for quite some time but all in vain. After contacting Mr. Vinay Thakker we could find our dream home in under 4 weeks, and that too within our budget. Mr. Thakker understood our requirements and desires, and showed us exactly what we were looking for. He serves with a smile, absolutely professional, and has excellent knowledge of legal requirements and current laws. Dealing with him was stress free and smooth. He truly makes buying real estate seem very simple and that's why we call him our Family Doctor for Real Estate.

Regards

Dr. S. Y. Bhojraj
